MODEL NAME : Di620
MODEL CODE : 1155
NO. : 034
DATE : 990518
SUBJECT : REGULATING PLATE NEWLY MADE

A regulating plate (01) has been newly installed in the position shown below of the developing unit, thereby preventing the handle from lowering toward the sub-hopper side. This has eliminated the possibility of contact between the handle and sub-hopper lid, thus preventing generation of static noise.
