2-2. REMOVAL OF CIRCUIT BOARDS

- When removing a circuit board, refer to "PRECAUTIONS FOR HANDLING THE PWBs" contained in SWITCHES ON PWBs and follow the corresponding removal procedures given on the next page.
- Replacement of a circuit board may call for readjustment or resetting of particular items.
- The removal procedures given on the next page omit the removal of connectors and screws securing the circuit board support or circuit board.
- Where it is absolutely necessary to touch the ICs and other electrical components on the board, be sure to ground your body.
