(11) Adjustment of the Leading Edge Registration for Book Second Page

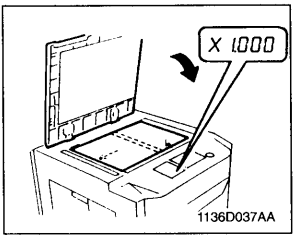

◆ **Requirement**

- Dimension A on the copy of a test chart (A3 or 11" × 17") as shown on the left should measure 20 ± 3.0 mm and B equals C.
- Setting range: 45 to 55

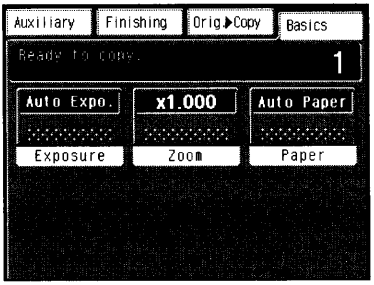

◆ **Important**

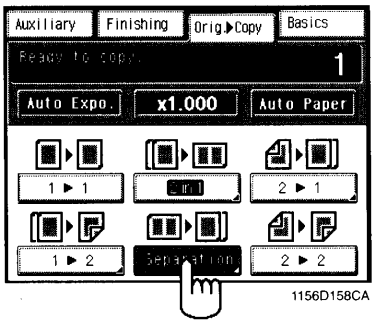

This adjustment should be made after the "adjustment of the leading edge registration".

1. Place the test chart face down on the Original Glass and align its rear left corner with the reference marker on the Original Width Scale. Then, lower the Original Cover.

2. On the Basic screen, touch [Origi. ▶ Copy] ; then, select [Separation] .

3. Select [Book ▶1] and make three single copies on A4 crosswise paper at full size (× 1.000) mode. Check the third copy for the leading edge registration. (If the dimensions deviate from the specifications, perform the following steps to make the adjustment.)
