CONTENTS

1. SERVICE INSTRUCTIONS D-1
   1-1. Precautions for Disassembly/Adjustment D-1
   1-2. Instructions for Handling the PWBs with MOS ICs D-1
   1-3. Parts which must not be touched D-2

2. DISASSEMBLY D-3
   2-1. Identification of Covers D-3
   2-2. Removal of the Original Cover D-4
   2-3. Removal of the Upper Cover D-4
   2-4. Removal of the Rear Cover D-4
   2-5. Removal of the Right Cover D-4
   2-6. Removal of the Left Cover D-5
   2-7. Removal of the Front Cover D-5
   2-8. Removal of the Original Glass D-6
   2-9. Removal of the Imaging Module D-6
   2-10. Removal of the Exposure Lamp D-7
   2-11. Removal of the Exposure Lamp Thermal Fuse D-7
   2-12. Removal of the Ozone Filter D-8
   2-13. Cleaning of the Mirrors and Lens D-9
   2-14. Removal of the Gear Drive Unit D-10
      2-14-1. Exchange of Torque Limiter D-12
   2-15. Removal of Paper Feeding Unit D-12
      2-15-1. Removal of the Paper Take-Up Roll and Paper Feed Roll D-12
      2-15-2. Removal of Paper Feed Rolls and Counter Pressure Axle D-13
      2-15-3. Removal of Pressure Bracket and Separation Pad D-14
      2-15-4. Removal of Feeding Clutch D-14
      2-15-5. Removal of Solenoid for Feeding Clutch D-14
   2-16. Removal of the Timing Roller Assy and Timing Clutch D-15
      2-16-1. Removal of Photointerruptor PC2 ..... D-16
   2-17. Disassembly of the Fusing Unit D-16
   2-18. Removal of the Lower Fusing Roller D-19
   2-19. Removal of the Switching Power Supply PWB-C D-20
   2-20. Removal of the Main Drive Motor D-21
   2-21. Removal of the Erase Lamp D-22
   2-22. Exchange of PWB-D D-22
   2-23. Exchange of High Voltage Unit D-23
   2-24. Exchange of PWB-A D-24
   2-25. Exchange of Wire Rope of Scanner Sliders D-25

3. ADJUSTMENT D-27
   3-1. Adjustment of the Image Density D-27
   3-2. Adjustment of the Paper Feeding Center Alignment D-28
   3-3. Adjustment of the Image Leading Edge D-29
   3-4. Adjustment of the Leading Edge Erase Width D-30
   3-5. Adjustment of the Maximum Exposure Lamp Voltage D-31

4. REFRESH OF MACHINE AFTER 25000 COPIES D-33
   4-1. Cleaning of Paper Feeding Section D-33
   4-2. Remove covers D-33
   4-3. Cleaning of Machine D-33
   4-4. Replacement of Ozon Filter D-33
   4-5. Cleaning of Timing Roller D-33
   4-6. Cleaning of Optics Section D-33
   4-7. Replacement of Imaging Module D-33
   4-8 Exchange of EEPROM IC3 on PWB-A D-34
